#### COMMERCIAL RECORD.

##### RICHMOND MARKETS, AUGUST 16.

TOBACCO.—Yesterdays, and the day before, the market  
was sustained by imports we noticed on Monday last,  
the day before, were fully 25c per 100 lbs. better. The sales  
of tobacco have been large, and at an improvement in  
the price. The peaks to-day were large for the season, and  
we made up of tobacco that had been only on  
hand for some time. The tobacco hand is  
now very large, and we suppose, about 400 to 450 lbs.  
The tobacco growing crop is very backward, and the  
information we have derived from planters in different parts  
of the tobacco growing region, fully warrants the belief that  
the growing crop will be very short, and a large part of it  
will be inferior quality.
